

TRAINING bulletin

Welcome

to the sixth issue of the Training Bulletin

Autumn 2006

Training for 2007

Most leaders will have received a copy of the training diary for 2007 (additional copy attached) which is the culmination of liaison between Coventry, Warwickshire, Solihull and Birmingham training teams. (An electronic version is available on the County Website)

The highlight of the programme is the combined counties provision for Nights Away etc (modules 16, 17, 18 and 19), with one planned for Blackwell Court and the other Rough Close.

This collaboration will mean that training for the full range of modules can be undertaken at a variety of locations and times throughout the year therefore giving a greater choice and opportunity for attendance.

Fees for attendance at the various locations will be negotiable with the county providing the training, with the exception of the Nights Away bundle in April/May at Blackwell Court, and September/October at Rough Close. These will be provided at a fee of £25.00/person plus the cost of food for the weekend with group catering. Contacts and booking details for these two courses are attached with the diary.

Please book early to avoid disappointment!

Woodbadge Direct

Coventry Training Team is again offering Woodbadge Direct. This is a support and consultation session for those who have yet to complete their Woodbadge Training and have not enrolled in the Training Scheme. These sessions in January and September will be of about 3hrs duration where you will be working alongside a training adviser to determine what experiences and evidence you have already gained through years of Scouting, and if you need any support to achieve your Woodbadge. It may be that you can provide sufficient evidence to enable the award of Woodbadge to be recommended to HQ. Please contact your Local Training Manager in the 1st instance to discuss this opportunity.

WANTED

Leaders to claim their Woodbadge

HQ have Woodbadges gathering dust
- just waiting to be claimed

Yours is there

Get your experiences and achievements validated without delay

Contact your Local Training Manager for further details

Ongoing Learning

Remember that all leaders approaching their warrant reviews in March 2007 will need to demonstrate to their GSL/DC that during the last 3 years they have acquired 15 hours of ongoing learning. Your First Aid training will count towards this, as will the attendance at the 'WITT' conference/seminar on recruitment and retention held earlier this year.

Coeducational Scouting

HQ has created an ongoing learning package on Coeducational Scouting in time for the 1st January 2007. If any group would like to have access to this material please contact your LTM.

Revised Fee structure for 2007 onwards

With the development of the combined residential modules for Nights Away there is a need to revise the way in which Coventry leaders fund their training. All registrations from January 1st 2007 will now be £40.00 with a further £25.00 for the Nights Away modules. This reflects no change in the overall cost per leader except managers who will now be paying £40.00 instead of £20.00.

Those who have already registered at £20.00 and have not paid any more will need to contact Nigel Stapleton and top up their registration fee. Although we will make every effort to contact each leader, it is hoped that leaders will apply basic Scouting principles and offer the balance without having to be asked!

Please use the new registration/application form (Issue 4 attached) from now on for registration and booking onto any of the Coventry training modules.

Module 25 (Training Advisers)

Coventry now has over 25 validated TAs across the county. Well done to those who have achieved this module. If you just need to get your training validated please contact Josie Gadsby to arrange a mutually convenient time and assess your validation.

Josie has indicated that if you wish to complete the training for module 25 and the dates in the diary are not convenient she will put on a course spread over a couple of evenings to suit.

There is also a workbook available if you prefer this method of study.

A reminder to all GSLs and DCs that the completion of Module 25 (managers) is like 1st Aid, and a requirement for the continuation of a warrant at review. If you have completed the training you have probably gathered the evidence for validation so please contact Josie Gadsby.

Your training advisor is someone who you know and wants to help you to achieve your best, so the young people who you work with benefit the most.

Scouting Skills training

Pioneering, knotting, camping skills, map reading, use of knives and axes, fire lighting, etc

Do you wish you had any of these skills or would like to brush up on them? Then contact Roger Brown LTM Scouting Skills who will be pleased to work with you to provide the opportunity to learn new skills. Please see the County Website for more details of what Roger can offer.

Woodbadge Holders

Have you ever wished that your hard earned Woodbadge training could be recognised outside of Scouting? Then the Institute of Leadership and Management is for you. The Scout Association is a corporate member of the Institute and this enables Woodbadge holders to apply for associate membership or full membership if you have held your Woodbadge for more than 3 years. This would be extremely valuable when attempting to convince employers of the value of your training. Contact Adult.support@scouts.org.uk for an application form. Note: there is a yearly subscription of £68.00 but this may be offset against your income tax.

Relating on-going experiences in your everyday life and your Scouting life validates your training. Just keeping a record and notes of programmes can simply help.

Training courses provide un-expected benefits...
...the knowledge picked up from other course participants can be of an equal value to the course.

Mick Pitham
